

The Mount Sinai Children's Center

Foundation (CCF) has been working hard since 1989 to improve the lives of children and their families at Mount Sinai Kravis Children's Hospital. The CCF helps renovate the hospital to make it a brighter, happier place and creates fun activities that help kids feel more relaxed and cheerful while they're there. It also supports exciting research to discover new ways for kids to thrive.

THANK YOU

for being part of this amazing mission so kids get the best care possible and grow up to be healthy and strong!
